## ABOUT ME

Throughout my academic and personal pursuits, I have consistently sought opportunities to cultivate my creative talents within a faith-based context. My experiences within church environments have provided me with valuable insights into the power of visual communication in conveying spiritual messages and fostering community engagement.

In these settings, I have had the privilege of collaborating with individuals possessing diverse creative mindsets, learning from their unique perspectives, and contributing my skills to support various churches initiatives. I have actively applied my design abilities to create impactful visual materials, including [list specific examples, e.g., promotional flyers, social media graphics, presentation slides, website banners, all to enhance the church's outreach and strengthen its connection with its members.

These experiences have not only honed my design skills but also deepened my understanding of the importance of using creativity to serve a higher purpose and contribute positively to the community.
